WHAT ARE YOU DOING BEHIND THE WHEEL? Distracted Driving Legislation (Bill 16)

The Distracted Driving Legislation has been called the toughest in Canada and perhaps North America and it came into effect September 1, 2011. It restricts drivers from using hand-held cell phones, texting, eating and grooming etc. It also applies to all vehicles, including bikes. Please join us for this informative session and learn about this new law. There will also be an RCMP Officer available for Q&A.
